Dee Zee Wheel Well Toolbox Installation Instructions

Congratulations on your purchase of a quality Dee Zee product. Dee Zee is recognized as having the highest quality running boards and accessories on the market today. We have earned this reputation by offering our customers a product they can be proud to place on their vehicles. Dee Zee meets all the criteria of manufacturing a custom-fit product which guarantees it to be the easiest product to install.

Note: Please take time to read all of the instructions before beginning this installation.

Warning! Please check for wiring or other obstructions before drilling any holes into the vehicle. If it is necessary to drill any holes into the vehicle, Dee Zee recommends putting a sealant or rust inhibitor around all holes drilled into the body of the vehicle.

Warning! It is the sole responsibility of the vehicle owner to check for tire clearance.

Warning! It is unlawful and dangerous to ride on running boards or side box boards while vehicle is in motion.

Cleaning instructions: To maintain the bright finish of your Dee Zee running boards, clean with a mild detergent and use a high grade automotive type wax. **DO NOT USE ABRASIVE CLEANERS ON THIS PRODUCT!**

If you should happen to have any questions with this product or you have an installation question, please feel free to call us at:

<p>A Wheel well toolbox</p>  <p>DZ 956</p>	<p>B Left Mounting Bracket</p>  <p>B 1102L X1</p>	<p>C Right Mounting Bracket</p>  <p>B 1102R X1</p>
--	---	--

<p>D 1/4" x 1" Black Sheet Metal Screw</p>  <p>PN 97B X4</p>	<p>E 1/4" X 3/4" Black Hex Head Bolt</p>  <p>PN 70B X8</p>	<p>F 1/4" Hex Nut</p>  <p>PN 71B X8</p>
--	--	---

<p>G 1/4" Washer</p>  <p>PN 72B X8</p>	<p>H Foam Tape</p>  <p>X4</p>	
--	---	--

Tools Required

Ratchet / Wrench
13mm / 10mm
3/8"
7/16"

Drill Bit Sizes:
3/16"

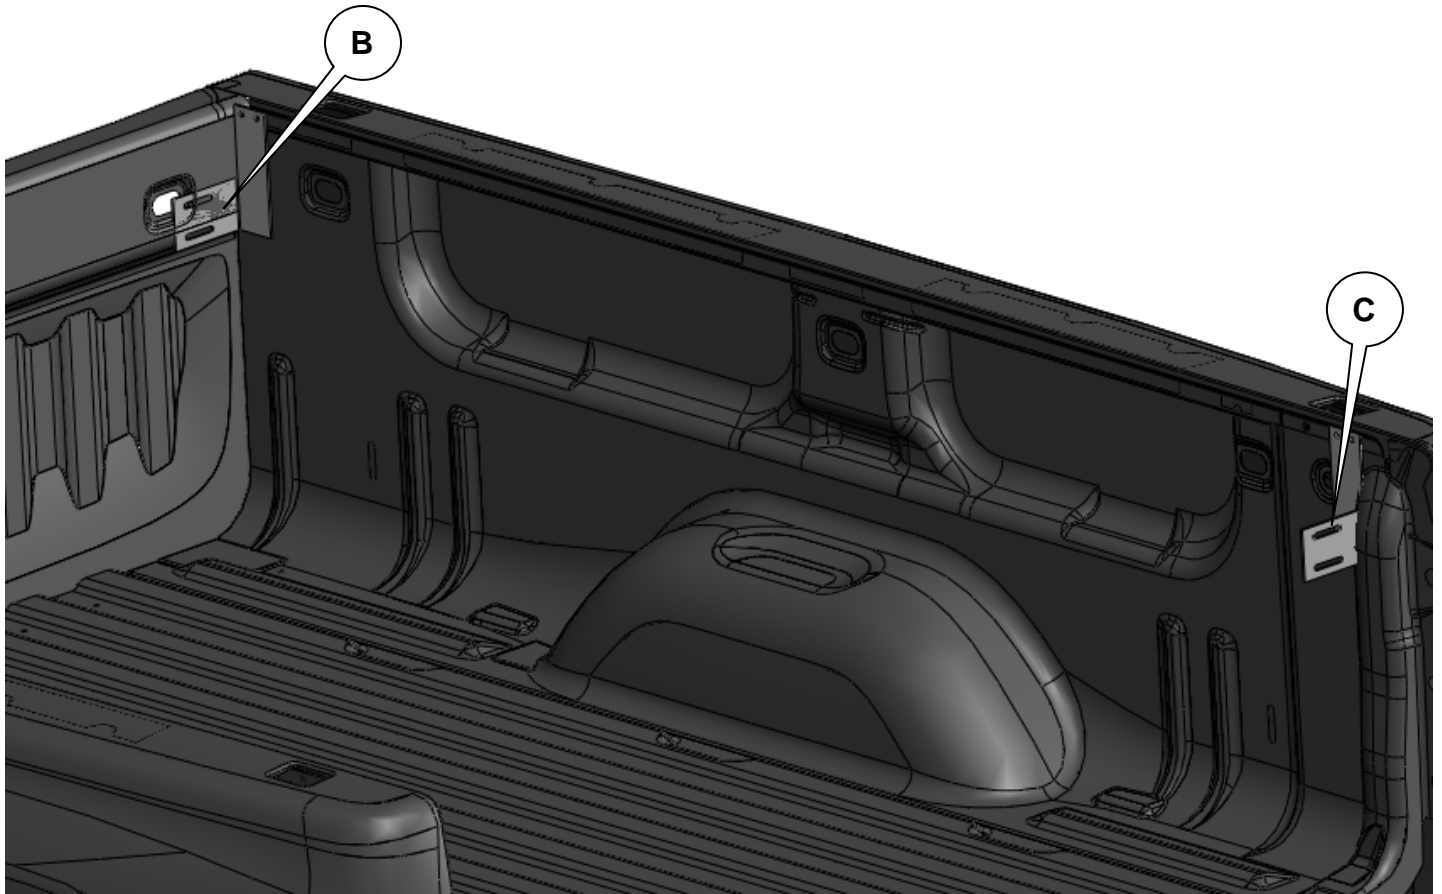

1

Peel the backing from the adhesive on the foam tape (H) and apply 2 pieces to each bottom surface of the wheel well toolbox. Place the wheel well toolbox (A) into the truck bed so that is center over the wheel well of the box. Making sure the box opens toward the inside of the box. The left and right mounting brackets (B/C) are mounting as shown. Mark the hole locations from the mounting brackets (B/C) on the inside lip of the bed rail and on the outside of wheel well toolbox.

2

Remove the wheel well toolbox (A) from the vehicle bed and then use the marked hole locations as a guide to drill a ¼" hole through the inside lip of the bed rail as shown.

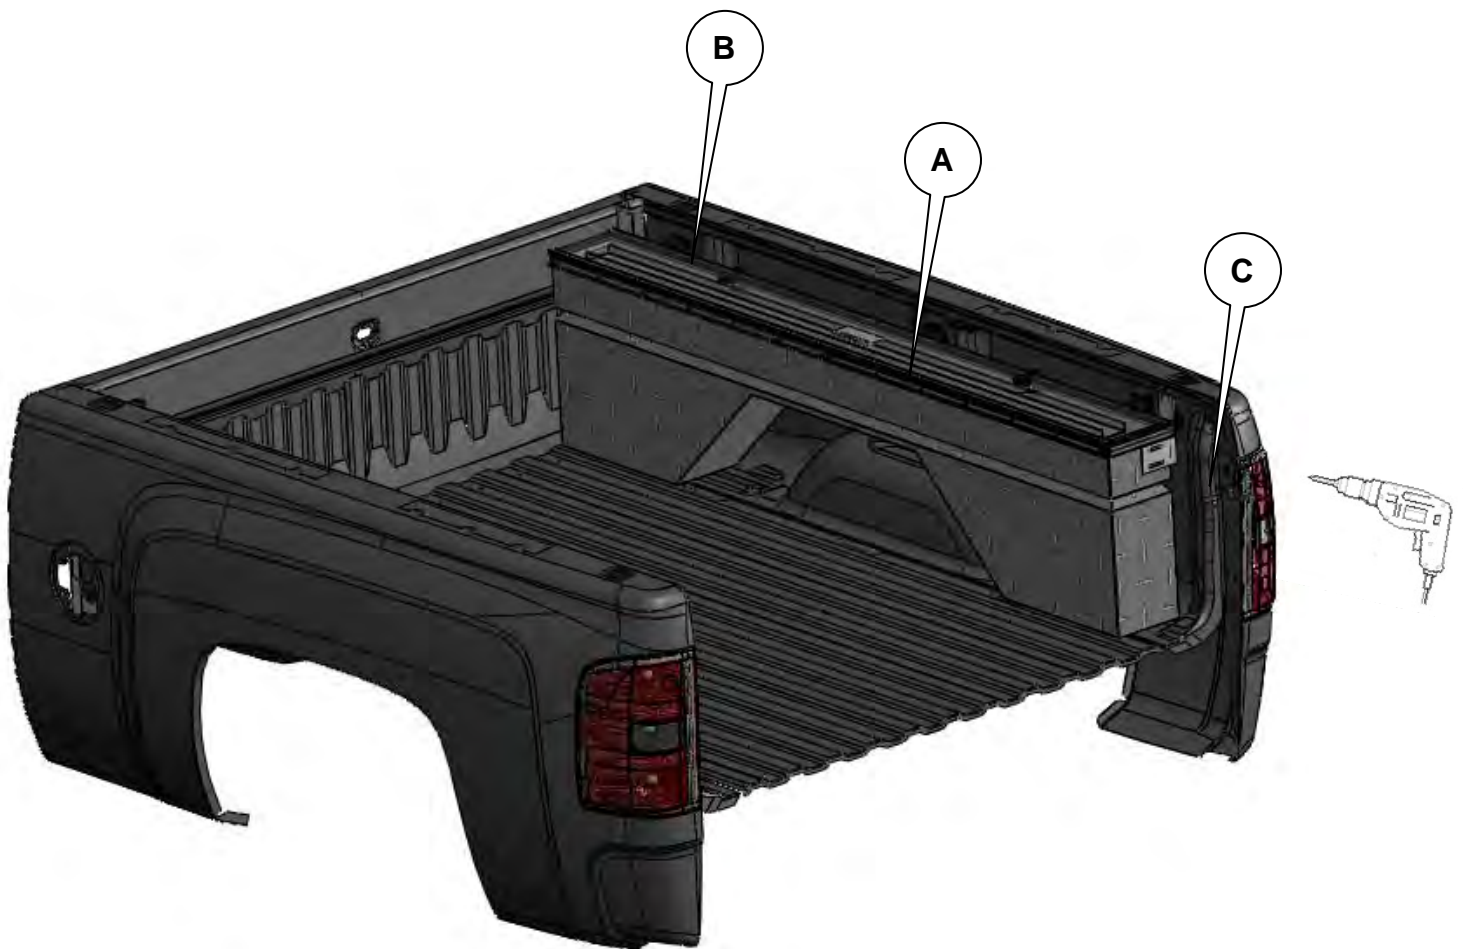

3

Secure mounting brackets (B/C) to the inside of the vehicle bed rail using ¼" x ¾" hex head bolts (E), ¼" flat washers (G) and ¼" hex nuts (F)

4

Place the wheel well toolbox (A) back into the truck bed inside of the mounting brackets (B/C) as shown below. Use the existing holes in the mounting brackets (B/C) as a guide to drill two ¼" holes through the outside of the wheel well toolbox (A).

****REPEAT ON OPPOSITE SIDE IF USING TWO WHEEL WELL TOOLBOX'S****

MAINTENANCE INSTRUCTIONS: All locks, latches, latching rods, and hinges should be lubricated regularly to assure smooth and proper operation for the life of the toolbox.

INSTRUCTIONS D'Entretien: Toutes les serrures, verrous, verrouillant des tiges, et des charnières devraient être lubrifiées régulièrement pour assurer l'exécution sans heurt et appropriée pendant la vie de la boîte à outils.
