

THANK YOU FOR SELECTING A HUSKY FLOOR LINER FROM HUSKY LINERS

CARE AND USE INSTRUCTIONS

Your new floor liners are custom molded to fit your FJ Cruiser with a automatic transmission. The liners are made to take the place of your factory floor mats. **For correct fit, it is necessary to remove the factory floor mats before installing your new floor liners.**

Your liners are made from an engineering resin that is lightweight and extremely tough and durable. The easiest way to clean your liners is with a damp cloth or sponge. If using a cleaner, 409® or Glass Plus® work well. Use of Armor All®, Son-of-a-Gun® or similar items is discouraged as these products make the liners slick.
